

## Blackstone 17" Tabletop Griddle

Cook anytime and anywhere with this Blackstone 17" Tabletop Griddle. The versatile nature of a griddle top means you can use this one cooking unit to make breakfast, lunch, or dinner no matter where you end up. An H-style burner that produces 12,500 BTUs quickly and evenly heats the cooking surface so you can start cooking faster. Other features such as piezo ignition, non-slip feet, and the Blackstone-patented rear grease management system help make starting your griddle, keeping it in place while you are cooking, and cleaning up after using it so much easier. Take this Blackstone 17" flat top grill with you on your next adventure so you can enjoy the journey without compromising on quality, home-cooked meals.
